Result of examination:

Q23 through Q28 could not be associated with any of the specimens represented in the Anonymous Letter File. Copies of Q23 through Q28 have been added to this file for future reference.

No watermarks, indented writing or other features were found on Q23 through Q28 which would be of value in determining the source of these specimens. It could not be determined whether the paper on which the questioned letters were prepared originated from government stock.

The typewriting on Q23 through Q28 most closely matches Laboratory standard for a Picu style of type used on Singer electric typewriters. Similar styles of picu type are found on Smith-Corona typewriters.

It was not determined whether the Christmas stamps on Q23, Q25 and Q27 were originally attached, because of a lack of significant defects in the torn edges of these stamps.

Q24, Q26 and Q28 are carbon copies of the same original letter with the exception of the numbers at the bottom of each of these specimens.

The submitted evidence was photographed and will be returned separately.

For information of FBI Laboratory, Referenced teletype reflects copies of same letter received by the "New York Times", "Seattle Times", and "Los Angeles Times". The letter bears typed name of "D. B. COOPER," the same name utilized by unsub in captioned matter.

The initials "CNH" and the date "12/14/71" on the lower right corners on the back of both the envelope and letter were placed there by WFO agent. The significance of the number "717171684*", appearing next to the copy count in the lower left corner on the face of the letter, remains unknown.

Efforts were made by WFO to preserve the letter and envelope for latent fingerprints. However, both were handled by an unknown number of individuals at "The Washington Post" prior to being obtained by WFO.

REQUEST OF THE BUREAU

The FBI Laboratory is requested to determine the style of type and make of typewriter utilized in typing the letter and envelope. The letter should also be compared with any copies of same furnished by other divisions.

The stamp on the envelope should be compared with the stamps on any other envelopes submitted by other divisions to determine if at one time they were part of the same sheet of stamps.

The Identification Division is requested to examine both the letter and envelope for the presence of any latent fingerprints of value.

It is also requested that the above enclosures be subjected to any other appropriate examinations which would aid in identifying the individual who wrote the letter.

WFO 164-164

DISPOSITION OF ITEMS SUBMITTED

Upon completion of the requested examinations,
both items should be returned to WFO.

ITEMS CONSIDERED DANGEROUS

Sirs,

I knew from the start that I wouldn't be caught.

I didn't rob Northwest Orient because I thought it would be romantic, heroic or any of the other euphemisms that seem to attach themselves to situations of high risk.

I'm no modern day Robin Hood. Unfortunately do have only 14 months to live.

My life has been one of hate, turmoil, hunger and more hate, this seemed to be the fastest and most profitable way to gain a few fast grains of peace of mind.

I don't blame people for hating me for what I've done nor do I blame anybody for wanting me to be caught and punished, though this can never happen.

Here are some (not all) of the things working against the authorities:

I'm not a boasting man
I left no fingerprings
I wore a toupee
I wore putty make-up

They could add or subtract from the composite a hundred times and not come up with an accurate description; and we both know it.

I've come and gone on several airline flights already and am not holed up in some obscure backwoods town. Neither am I a psycho-pathic killer. As a matter of fact I've never even received a speeding ticket.

Thank you for your attention.

RE: NORJACK

Per my informal memo to you dated 5/19/98 and our telephone conversation on 5/22/98, this is to inform you that the elimination prints we discussed have not been received in the Latent Fingerprint Section (LFS). Therefore, the target date of 6/19/98 for comparing the unidentified latent prints on the memo and resume with the elimination prints was not met.

A review of the 24 fingerprints developed on three paper items submitted with Seattle communication dated 11/29/71 has resulted in the determination that two of the fingerprints are suitable for automated searches. These searches have been initiated. In order to accomplish a thorough search of these two prints with the prints of persons arrested in the continental United States, Canada and Mexico, it is necessary to submit approximately fifty requests that limit each search to certain geographical areas. This is very time consuming. Once that process is completed, the prints of suspects generated as a result of those searches have to be retrieved from the Criminal Justice Information Services Division in Clarksburg, West Virginia, for comparison purposes. Obviously, this will take more time than originally thought.

Although the LFS is very willing to assist the Seattle Division in any way possible to bring this matter to closure, the Seattle transmittal communication dated 11/29/71 indicates the papers were pushed down behind a seat and were found by a Northwest Airlines mechanic. The communication further states, "There is no apparent connection between these papers and the hijacker; however, so they may be properly examined the Bureau is requested to process these papers for any latent fingerprints and return them for future use if needed."

Attached is a list of "UNIDENTIFIED LATENT FINGERPRINTS IN NORJACK CASE." Because of the above quotation and the tremendous amount of time and resources that it takes to conduct the automated searches, the Seattle Division is requested to review the list and use the utmost discretion in determining the feasibility of conducting additional automated searches. If it is determined that automated searches of latent fingerprints on certain items are feasible, the LFS will evaluate those prints to determine if they meet the criteria for search and initiate appropriate searches.

You may contact Fingerprint Specialist [redacted] or me with any questions.

Spotlight

Duane Weber and first wife (1971); FBI Cooper sketch (below)

Who was D. B. Cooper?

The identity of legendary skyjacker D. B. Cooper has baffled investigators for decades. But the FBI may finally have enough evidence to solve the mystery that dates back to November 1971, when a passenger on Northwest Airlines Flight 305 from Portland, Ore., to Seattle handed a flight attendant a note. The man claimed to have a bomb in his bag and threatened to detonate it unless he received \$200,000 in cash and four parachutes. The FBI turned over the money and parachutes in Seattle, and the plane took off again—this time for Mexico.

At 10,000 feet, the hijacker walked down the rear stairs and parachuted into history.

He used the name "Dan Cooper" but later was mistakenly identified by a reporter as D. B. Cooper, and the name stuck. The FBI now suspects he may have been an ex-con named Duane Weber. On March 28, two agents fetched an electric razor, a pair of slippers, gloves, and other items from Weber's widow, Jo Weber, a Florida real estate agent. Their hope: to get DNA to compare with DNA left by the skyjacker on cigarette butts. Duane and Jo Weber were married for 17 years. On his deathbed, in 1995, Weber said he was Dan Cooper. Jo learned a year later that was the name the hijacker had used. She took out a library book on the incident; her husband's penciled notes were inside. The FBI described D. B. Cooper as being in his 40s, 6 feet tall, 170 pounds, with black hair. He was a bourbon drinker and a chain smoker. At the time of the hijacking, Duane was 47, 6 feet, 1 inch, and weighed around 185 pounds. He had black hair, drank bourbon, and chain-smoked. He'd served time in McNeil Island penitentiary, 20 miles from the Seattle airport.

The FBI won't discuss its probe. But Ralph Himmelsbach, the original lead agent, says Weber remains a principal suspect. "One way or another," says Jo Weber, "I am looking for a final resolution to this case." —Douglas Pasternak

women in areas of conflict are at high risk of sexual violence and physical harm, trafficking and prostitution, emotional trauma, family separation, and abuse in refugee camps. Among the riskiest nations: Congo, Sierra Leone, Afghanistan, Angola, and Burundi.

HEALTH

Worried sick

Looks like the Democrats are on to something. A new survey shows Americans' No. 1 personal concern is how they'll pay for healthcare. More than one third (36 percent) of people polled by the Kaiser Family Foundation said they're worried about health and insurance costs. How worried? Nearly twice as much as they are about

paying their rent or mortgage, losing money in the stock market, being attacked by a terrorist, or losing a job.

• *And what do they think Congress should do about it? Bingo: Provide coverage for 41 million uninsured Americans. Sound familiar?*

Northern exposure

Canadians breathed a sigh of relief last week when the World Health Organization lifted its week-old advisory against travel to Toronto, the North American city hardest hit by SARS. WHO also lifted its Hanoi travel ban, praising Vietnamese health officials' success in curbing the pneumonia-like disease. But Canada's not out of the woods. Late last week, two more healthcare workers became infected, proving again just how hard it is to halt infection in hospitals. And each day, China reported more infections and deaths.

• *Everyone's hoping SARS is a seasonal ailment, like colds and the flu. A summer lull could help China and other countries shore up defenses for new fall outbreaks.*

BUSINESS

Conga line

Enron prosecutors think they've found their Bonnie and Clyde. Last week, they expanded the case against Chief Financial Officer Andrew Fastow and leveled new charges against his wife, Lea, who was an assistant treasurer at the bankrupt Houston energy firm. The couple engaged in illegal financial schemes and evaded federal taxes, says the indictment. Nine other former execs were also charged.

• *Conspicuously absent from the list:*

CHARGED. Former Enron execs Dan Boyce, Kevin Hannon, Ben Glisan, and Scott Yeager are escorted into the federal courthouse in Houston last week.

On 2/25/92, an informational flyer was disseminated to patrol divisions of both the Oakland Police Department and the Alameda County Sheriff's Office regarding LARRY QUANDT.

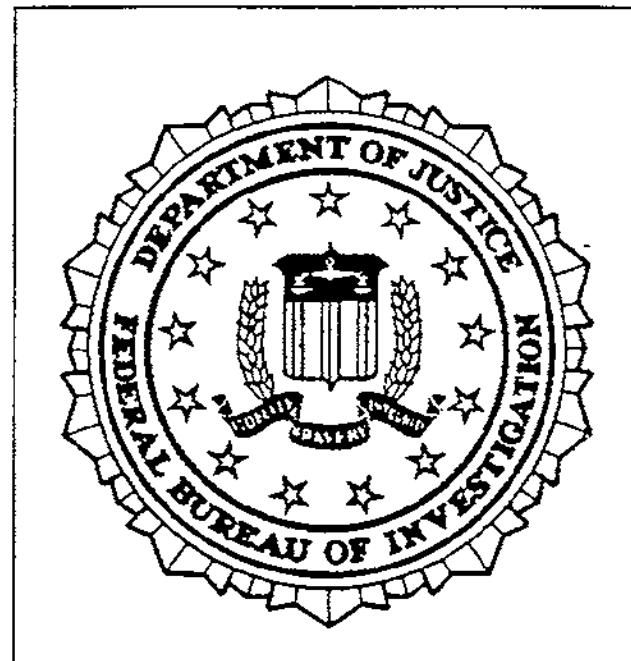

The flyer advised that the FBI was interested in interviewing QUANDT regarding air piracy violations in Seattle, Washington. It was stressed that no federal warrants exist against QUANDT and that he is only wanted for questioning. It was also expressed to the above agencies that QUANDT is not aware that the FBI is interested in interviewing him and that, if stopped, he should not be advised of the FBI's interest in him; the reason being that upon locating QUANDT, it will be necessary for agents from Seattle and Newark, New Jersey to travel to Oakland for the purpose of interviewing QUANDT.

Should QUANDT be stopped and or arrested for any reason in the Oakland/Alameda County area, the local agencies will immediately contact SA [redacted] of the Oakland Resident Agency and both Seattle and Newark will be notified.

On 11/4/91, [REDACTED] b6
Trailer Park, San Jose, California, advised he was acquainted b7C
with LARRY QUANDT when he resided during the summer of 1991 at
the San Jose Trailer Park. [REDACTED] has not seen QUANDT
since he was evicted from the trailer park and doubts that his
[REDACTED] would know QUANDT's current whereabouts.

On 11/4/91, [REDACTED] San Jose Trailer Park,
San Jose, California, advised that LARRY QUANDT left no
forwarding address when he was evicted from the park and still
owed in excess of \$900 in rent. [REDACTED] advised that QUANDT
ran up in excess of \$1,000 in phone bills on the phone of [REDACTED]
[REDACTED] who QUANDT resided with for a short time in the trailer
park.

On 11/6/91, [REDACTED] San Jose Trailer Park, [REDACTED]
[REDACTED] San Jose, California, advised that LARRY QUANDT resided
with him for a short time during the summer months of 1991.
QUANDT did odd jobs as a carpenter in the San Jose area and
did not appear to be a member of a carpenter's union. QUANDT
drove an old Chevy gray vehicle which has since been towed
away. At one time QUANDT was receiving unemployment benefits
while he was still residing with [REDACTED] advised that
QUANDT ran up a rather large telephone bill, calling numerous
women in the Philippines to encourage them to come to the
United States and marry QUANDT.

A review of the California Law Enforcement Teletype
System (CLETS) shows that LARRY WILLIAM QUANDT, date of birth
1/17/39, is in possession of a current California drivers
license and last provided a current address in September,
1988, of [REDACTED] San Jose, California.

On 11/7/91, inquiry at [REDACTED] San
Jose, California, determined that [REDACTED] currently
resides at this address. [REDACTED] home telephone (408)
[REDACTED] advised she first met QUANDT in 1988 through a
[REDACTED] subsequently [REDACTED] LARRY
WILLIAM QUANDT [REDACTED] at San Jose, California.
[REDACTED] advised that [REDACTED] and she
subsequently received [REDACTED] QUANDT [REDACTED]
[REDACTED] has not personally seen QUANDT since at least November,
1989, and has no idea as to his current whereabouts.

QUANDT talked very little about his past other than
he was originally from the State of Washington and has an [REDACTED]

[redacted] advised that she and QUANDT [redacted] at Great Western Savings and Loan, San Jose, California. [redacted] advised that she recalls seeing statements from Merrill Lynch in [redacted]. However, at the present time [redacted] no longer has [redacted] stated she has no means of getting in touch with QUANDT and has no recollection of any immediate family QUANDT has either in the San Jose area or in the State of Washington other than the [redacted] she already mentioned.

On 12/10/91, records of the Oakland, California Police Department show that on 10/2/91, LARRY QUANDT was issued a citation for driving with a restricted drivers license. QUANDT have a local address of 1290 26th Avenue, Oakland, California, Social Security number 502-32-1462 and entered a guilty plea in traffic court on 10/3/91. It is noted no vehicle was indicated on the police report in connection with this citation. In addition to the above citation, QUANDT was a suspect in an attempted burglary on July 30, 1991, at American Air Conditioning Company in Oakland, California. Local District Attorney's Office, Oakland, California, declined to issue a warrant for QUANDT in connection with this incident due to insufficient evidence. At that time QUANDT gave an address of his [redacted]
[redacted] San Jose, California.

b6
b7C

In addition, QUANDT was a complainant to the Oakland, California Police Department on May 22, 1991, and June 3, 1991, concerning an assault and battery matter, however, suspects in this matter were never fully identified and QUANDT at that time provided an address of the San Jose Trailer Park, San Jose, California.

QUANDT, according to Department of Vehicles records, is still a registered owner of a 1982 Chevy pick-up, California license 3J54760, which expires June 30, 1992, and a 1979 Chevy, California license 694XOB, which is to expire in March, 1992.

Department of Motor Vehicles is unable to place an appropriate stop with QUANDT's California drivers license so that FBI can be notified in the event QUANDT received any future citations, since he at this time is not a federal fugitive.

164A-SE-81
MGK/gmr

On 12/16/91, investigation at [redacted] Oakland, California, determined from the owners of the property of this address that QUANDT is unknown to them and to their knowledge QUANDT has never rented at this address.

Re Denver airtel to Omaha dated 11/20/91.

On 1/7/92, contact was made with [REDACTED]
 (Protect Identity), [REDACTED]
 Cedar Rapids, Iowa, telephone number [REDACTED] in
 connection with possible knowledge of D. B. COOPER. [REDACTED]
 thought an individual known to her as BERNARD D. COOPER of
 Cedar Rapids was D. B. COOPER.

Upon talking with [REDACTED] it was learned that she
 knew an individual named [REDACTED] whom she met through her
 escort service. [REDACTED] advised that [REDACTED] had always
 said he lived in the Council Bluffs area but unknown exactly
 where. [REDACTED] on a wild hunch, checked the Cedar Rapids
 directories and came up with BERNARD COOPER and thought [REDACTED]
 and BERNARD COOPER were one and the same. [REDACTED] never
 bothered to check any further to see if the [REDACTED] even
 resembled each other.

After [REDACTED] initially reported the information to
 Denver, and before investigating Agent contacted her, she
 happened to see BERNARD COOPER and realized he was not the
 same person known to her as [REDACTED]

[REDACTED] Date of Birth, [REDACTED]
 [REDACTED] Colorado, was advised of the identity
 of the interviewing Agent and the purpose of the interview, which
 was to obtain information concerning her telephone call to the
 Denver FEDERAL BUREAU OF INVESTIGATION (FBI) Office on July 10,
 1990. In this call, [REDACTED]
 [REDACTED] she has known him that he is the individual known
 as D.B. COOPER who allegedly committed a hijacking many years ago.

[REDACTED] advised that [REDACTED] RALPH ANTONIO
 PORCO, JR.; Date of Birth, February 14, 1943, in [REDACTED]. His
 real name, BUFORD ADRIEN ALCORN, was changed when he was adopted as
 a young child and, to [REDACTED] knowledge, he has always used the
 name RALPH PORCO. She related that RALPH has claimed to be D.B.
 COOPER since [REDACTED]. He is
 currently incarcerated in the FREMONT COUNTY JAIL for Attempted
 Kidnapping and Burglary, with a one-half million dollar bond. He
 also has pending charges of [REDACTED]

[REDACTED] She advised she is coming forward
 with the information on his D.B. COOPER identity now because she
 wants him to get everything he has coming to him and hopes he will
 remain locked up. She further explained that [REDACTED]

[REDACTED] stated that RALPH told her he used the name D.B.
 COOPER at the time of the hijacking because his nickname in the
 SPECIAL FORCES was "DIRTY BASTARD COOPER", and he wanted to let his
 buddies know it was him. He acquired this nickname because of his
 practical jokes in the SPECIAL FORCES, such as placing small bombs
 under toilets. RALPH told her the bomb used in the hijacking was
 Play-Doh rigged to a clock and in no way could have been detonated.

[REDACTED] related that in [REDACTED] RALPH never swayed in
 his story of the hijacking and was almost obsessed with this
 identity. To her knowledge, RALPH's mother, a friend, and
 [REDACTED] were the only other people who knew about RALPH's
 identity. It would anger RALPH when his mother ever made reference
 to it, but generally he found a lot of pleasure in bragging about
 it. Shortly before he went to jail, RALPH had been for months

RALPH had always been disappointed that the money was lost in the first hijacking when he hit the airplane wing and the bags were torn. He had planned to get it right the second time.

During the [redacted] RALPH, he was unemployed, and [redacted]. He always seemed to have money though, which she believed he got from his mother. She did not know RALPH to use drugs, although he commented on several occasions that he could make a lot of money selling drugs if he wanted to.

[redacted] believes RALPH is truthful about his identity as D.B. COOPER because: (1) he is entirely capable, (2) he lived this consistent, unwavering identity for [redacted] (3) he claimed to be a master paratrooper in the SPECIAL FORCES, (4) this is the only story or claim of this sort that she witnessed, (5) his story closely matched the details presented in the movie.
